**Subject:** Paul Wellstone and Pete Domenici Mental Health Parity and Addiction Equity Act of 2008 to be accepted

To Whom It May Concern:

I am strongly in favor of the Wellstone and Domenici Mental Health Parity and Addiction Equity Act of 2008.

I am the director of a psychology clinic employing EEG Neurofeedback, the QEEG and other neuroscience tools to treat various disorders in children and adults. Multitudes of individuals cannot take medication and require this treatment. Addiction applications are profoundly effective as well.

Please visit my web site at [www.PeakInstitute.com](http://www.PeakInstitute.com) if you require my credentials or further information about the efficacy of this treatment. My clients need reimbursement on a par with other medical and psychological reimbursement.

Thank you for your attention.
